Find My Parcels

LOCATE Property & Property Owners

Looking for a hard to find property or need to identify a property's owner? Search by APN, owner name, address, sale date, value, bedroom and bathroom count, square footage, or dozens of other criteria. Or search from a map using our interactive mapping tools!

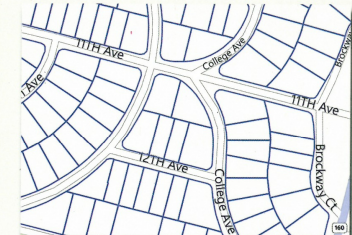

PULL Parcel Maps

ParcelQuest is an excellent source for current, accurate, high-resolution APN maps and visual information layers. Our parcel maps are the clearest maps in the industry, updated more often than any other industry map set. You can pull any map you need, when you need it.

NOTIFY property owners

Need to notify multiple property owners? ParcelQuest offers a variety of tools to identify parcels and owners based on various search criteria, and helps you create mailing lists and labels to complete your project.

DOWNLOAD GIS Files

ParcelQuest provides GIS parcel layers and data sets for all 58 California counties - standardized and aligned for your convenience. Our GIS parcel layers are drawn and updated continually by our own cadastral mapping personnel and our data sets are updated daily to reflect accurate county assessor information.
